¹ - Cash and cash equivalents consist of cash and short-term deposits. Short-term deposits are cashable within a three-month or less period. In 2025 and 2024 there are no guaranteed investment certificates that are not cashable or non-redeemable within a three-month period. In 2023, there were some guaranteed investment certificates that were non-redeemable and greater than a three-month period and were shown as guaranteed investment certificates on the statement of financial position.

² - Guaranteed investment certificates are short-term investments held with a chartered bank and are non-redeemable until the maturity date within a twelve-month or less period.

VULCAN MINERALS INC.

Notes to the Condensed Consolidated Financial Statements

March 31, 2025

1. NATURE OF OPERATIONS

Vulcan Minerals Inc. is engaged in the evaluation, acquisition and exploration of mineral properties in Newfoundland and Labrador. The Company plans to ultimately develop the properties as joint ventures, bring them into production, option or lease properties to third parties, or sell the properties outright. The Company is in the exploration stage on its projects. The Company also owns 29.73% of Atlas Salt Inc. Vulcan's ownership interest in Atlas Salt Inc. is the key advanced asset for the Company. The Company is a publicly traded company, incorporated under the laws of the Province of Alberta, Canada. Its head office address is 333 Duckworth Street, St. John's, NL A1C 1G9.

2. BASIS OF PRESENTATION

The Company prepares its condensed consolidated financial statements with Canadian generally accepted accounting principles ("GAAP") as set out in the Canadian Professional Accountants of Canada Handbook – Accounting – Part I ("CPA Canada Handbook") which incorporates IFRS[®] Accounting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC").

These condensed consolidated financial statements have been prepared on a historical cost basis, except for investments which are measured at fair value and investment in associates which is measured using the equity method.

The Company's presentation currency and the functional currency of all of its operations is the Canadian dollar as this is the principal currency of the economic environment in which it operates. All the Company's assets are located in Canada.

In addition to the Company, the condensed consolidated financial statements include all subsidiaries. Subsidiaries are all corporations, over which the Company is able, directly or indirectly, to control financial and operating policies, which is the authority usually connected with holding majority voting rights. Subsidiaries are fully consolidated from the date on which control is acquired by the Company. Intercompany transactions and balances are eliminated upon consolidation. They are deconsolidated from the date that control by the Company ceases. Any retained interest is measured to its fair value with the change in carrying amount recognized in income or loss. The fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate or joint venture. The Company has two wholly-owned subsidiaries which are both inactive.

These unaudited interim condensed consolidated financial statements have been prepared in accordance with IFRS, as issued by the IASB applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The accounting policies used in preparing these unaudited interim condensed consolidated financial statements are consistent with those used in the preparation of the Company's annual financial statements.

VULCAN MINERALS INC.
Notes to the Condensed Consolidated Financial Statements
March 31, 2025

A summary of the Company's material accounting policies under IFRS is presented in Note 4 to the year-end financial statements, December 31, 2024.

These condensed consolidated financial statements were approved and authorized for issuance by the Board of Directors on May 30, 2025.

3. NEW AND AMENDED IFRS STANDARDS AND INTERPRETATIONS

Future applicable accounting standards

In April 2024, the IASB issued IFRS 18 - Presentation and Disclosure in Financial Statements which sets out the overall requirements for presentation and disclosures in the consolidated financial statements. The new standard replaces IAS 1 and although much of the substance of IAS 1 will carry over into the new standard, the new standard will require presentation of separate categories of income and expense for operating, investing, and financing activities with prescribed subtotals for each new category. The new standard will also require disclosure and explanation of 'management-defined performance measures' in a separate note within the consolidated financial statements.

The new standard is effective for annual reporting periods beginning on or after January 1, 2027, including interim consolidated financial statements, and requires retrospective application. The Company is currently assessing the impact of the new standard.

4. INVESTMENTS

	March 31 2025	December 31 2024
	\$	\$
Investments	159,026	181,895

Investments classified as fair value through other comprehensive income consist of: shares in public companies received as consideration for option payments on mineral claims and shares received as consideration for the sale of mineral claims. At March 31, 2025, the fair value of these shares is \$83,835 (December 31, 2024 – \$100,438).

As of November 30, 2024, the Company concluded that it no longer exercised significant influence over Triple Point, primarily due to the absence of common directors and other indicators of significant influence as of that date. Accordingly, the Company reclassified its investment in the common shares of Triple Point from an investment in an associate to an investment measured at fair value through other comprehensive income, in accordance with IFRS 9. At March 31, 2025, the fair value of these shares is \$75,191 (December 31, 2024 - \$81,457).

VULCAN MINERALS INC.
Notes to the Condensed Consolidated Financial Statements

5. INVESTMENT IN ASSOCIATES

	March 31 2025	December 31 2024
	\$	\$
Investment in Atlas Salt Inc.	36,570,339	36,854,402
	36,570,339	36,854,402

Atlas Salt Inc.

Atlas Salt is incorporated under the laws of the Province of British Columbia. Atlas Salt's head office is in St. George's, Newfoundland and Labrador. Atlas Salt is a mineral exploration company engaged in the evaluation and exploration of mineral properties in Newfoundland and Labrador. The Company's principal asset is the Great Atlantic salt deposit located in the St. George's Bay basin of western Newfoundland.

Management has determined that its investment in the common shares of Atlas Salt gives it significant influence over Atlas Salt. As a result, the Company applied the equity method of accounting for its investment in Atlas Salt.

The continuity of the Company's investment in Atlas Salt common shares is as follows:

	March 31 2025	December 31 2024
	\$	\$
Balance, beginning of year	36,854,402	38,169,833
Share of loss and comprehensive loss	(302,590)	(1,095,228)
Dilution gain (loss)	18,527	(220,203)
Investment in Atlas Salt	36,570,339	36,854,402

The following summarizes financial information of Atlas Salt as at March 31, 2025 and December 31, 2024 and for the periods ended March 31, 2025 and 2024, including fair value adjustments made at the time of recognition of the interest, is as follows:

	March 31 2025	December 31 2024
	\$	\$
Statement of Financial Position		
Cash and cash equivalents	4,910,558	8,032,910
Other current assets	650,527	579,925
Non-current assets	53,325,630	52,296,131
Current liabilities	1,152,588	1,483,229
Non-current liabilities	212,595	216,550
Equity	57,521,532	59,209,187

VULCAN MINERALS INC.**Notes to the Condensed Consolidated Financial Statements**

March 31, 2025

	Period Ended March 31 2025	Period Ended March 31 2024
Net loss and comprehensive loss		
Interest income	6,448	116,611
Net loss and comprehensive loss	(1,015,585)	(779,565)

Atlas Salt had depreciation of \$6,847 in 2025 (2024 – \$12,935). There was \$146 interest expense (2024 - \$nil) and \$nil income tax expense in 2025 (2024 – \$nil).

As of the period ended March 31, 2025, the Company did not identify any indications of impairment on this investment.

6. EXPLORATION AND EVALUATION ASSETS

The Company has 26 mineral licences (December 31, 2024 - 28) which consist of 1,011 claims (December 31, 2024 – 1,199), which are active and in good standing with the Department of Industry, Energy and Technology in the Province of Newfoundland and Labrador. These licences are in the exploration and evaluation stage. As of March 31, 2025, 6 of these licences (December 31, 2024 – 7 of these licences) consisting of 203 claims (December 31, 2024 – 377 claims) were optioned to Sassy Resources Corporation (these have since been assigned to Gander Gold Corporation).

A summary of the exploration and evaluation assets is as follows:

	March 31, 2025			
	Balance, Beginning of Year	Additions	Deposits Received	Balance, End of Period
	\$	\$	\$	\$
Mineral properties property acquisition costs	158,775	-	-	158,775
Exploration costs	2,457,624	86,379	-	2,544,003
Deferred option payments	(142,880)	-	-	(142,880)
	2,473,519	86,379	-	2,559,898

VULCAN MINERALS INC.
Notes to the Condensed Consolidated Financial Statements
March 31, 2025

	December 31, 2024			
	Balance, Beginning of Year	Additions	Write-down	Balance, End of Year
	\$	\$	\$	\$
Mineral properties property acquisition costs	127,339	31,436	-	158,775
Exploration costs	2,062,767	429,706	(34,849)	2,457,624
Deferred option payments	(134,892)	(7,988)	-	(142,880)
	<u>2,055,214</u>	<u>453,154</u>	<u>(34,849)</u>	<u>2,473,519</u>

Current year additions to mineral exploration costs include share-based compensation of \$6,527 (December 31, 2024 - \$nil).

During the year, the Company recognized write-downs totaling \$nil (December 31, 2024 - \$34,849) related to exploration and evaluation expenditures capitalized in respect of certain areas of interest where the Company has determined that no further exploration activities will be undertaken.

In February 2021, the Company entered into an option agreement with Sassy Gold Corp. (previously Sassy Resources Corporation) (“Sassy”) in relation to the Company's Gander Belt Gold mineral property. Subsequent to the date of this agreement, Sassy assigned the option to Gander Gold Corporation (“Gander Gold”). The first anniversary and subsequent option payments were paid by Gander Gold including the issuance of Gander Gold shares. Sassy has an option to earn a 100% interest in the property over a four-year period by incurring exploration expenditures of \$2,000,000 and by making option cash payments of \$300,000 (2021 - \$100,000, 2022 - \$50,000, 2023 - \$50,000, 2025 - \$100,000) and by issuing 3,100,000 common shares of the Company (2021 - 1,000,000, 2022 - 300,000, 2023 - 300,000, 2024 – 1,000,000, 2025 - 500,000). These terms are based on the amended option agreement dated April 18, 2024. The Company and Gander Gold amended the 2024 anniversary payment to be 1,000,000 shares of Gander Gold instead of 400,000 common shares and voided the cash payment of \$100,000 originally due in 2024. All other terms of the original agreement remain the same.

As at March 31, 2025, 200,000 common shares of Sassy and 177,240 common shares of Gander Gold (December 31, 2024 - 200,000 common shares of Sassy and 177,240 common shares of Gander Gold) having a fair value of \$999,291 (December 31, 2024 - \$999,291) at the time of their issuance and \$200,000 cash (December 31, 2024 - \$200,000) have been received. On August 23, 2024, Sassy completed a consolidation of its common shares on the basis of a one new share for every five old shares. Vulcan held 1,000,000 old shares of Sassy related to this option agreement at that date which were consolidated to 200,000 new shares of Sassy. In addition, Gander Gold completed a consolidation of its common shares on August 23, 2024, on the basis of one new share for every ten old shares. Vulcan held 1,772,408 common shares of Gander Gold at that date which were consolidated to 177,240 new shares

VULCAN MINERALS INC.**Notes to the Condensed Consolidated Financial Statements****March 31, 2025**

of Gander Gold. Security deposits of \$6,900 (December 31, 2024 - \$6,900) paid on the claims have been reimbursed to the Company. As of March 31, 2025, \$130,614 (December 31, 2024 - \$130,614) has been recorded as cost recoveries to the Gander properties and \$nil (December 31, 2024 - \$64,762) recorded as income during period. After Sassy earns its 100% interest, the Company can retain a 3% net smelter royalty (NSR) covering the claims. Sassy has the right to repurchase one-half of that NSR (1.5%) for \$2,000,000 in cash and 500,000 common shares within one year following delivery to Vulcan of a Feasibility Report on any deposit advanced on the properties.

On May 9, 2022 the Company entered into a Purchase and Sale Agreement whereby the Company sold 12 mineral licences (2,440 claims) to Rocky Island Gold Corp (“Rocky Island”). Rocky Island paid \$250,000 cash and issued 3,000,000 common shares in the capital of Sassy. On August 23, 2024, Sassy completed a consolidation of its common shares on the basis of a one new share for every five old shares. Vulcan held 3,000,000 old shares of Sassy related to this purchase and sale agreement at that date which were consolidated to 600,000 new shares of Sassy. The Company received a one percent (1%) net smelter royalty covering the claims. The common shares had a fair value of \$960,000 (December 31, 2024 - \$960,000) at the time of their issuance and \$250,000 cash has been received.

9. SHARE-BASED COMPENSATION

The Company has a stock option plan under which directors, officers, management, consultants and employees of the Company and its subsidiary are eligible to receive stock options. The aggregate number of shares to be issued upon exercise of all options granted under the plan shall not exceed 10% of the issued shares of the Company at the time of granting the options. The maximum number of common shares optioned to any one optionee shall not exceed 5% of the outstanding common shares of the Company. Options granted under the plan generally have a term of five years but may not exceed ten years and vest at terms to be determined by the directors at the time of grant. The exercise price of each option is determined by the directors at the time of grant but shall not be less than the price permitted by the policy or policies of the stock exchange(s) on which the Company's common shares are then listed.

A summary of the status of the Company's stock option plan is as follows:

	March 31, 2025		December 31, 2024	
	Number of Options	Weighted- Average Exercise Price	Number of Options	Weighted- Average Exercise Price
		\$		\$
Outstanding, beginning of year	6,550,000	0.18	7,375,000	0.17
Granted	3,750,000	0.15	-	-
Expired	-	-	(825,000)	0.13
Outstanding, end of period	10,300,000	0.17	6,550,000	0.18
Exercisable, end of period	8,425,000	0.17	6,550,000	0.18

The weighted average remaining contractual life of outstanding options is 2.27 years (December 31, 2024 – 2.74 years). The weighted average remaining contractual life of exercisable options is 2.28 (December 31, 2024 – 2.74 years).

VULCAN MINERALS INC.**Notes to the Condensed Consolidated Financial Statements****March 31, 2025**

The Company granted 3,750,000 stock options to directors and employees with each option entitling the holder to purchase one common share at \$0.15 per share for a period of two years. 1,875,000 options vested on the date of grant February 14, 2025 and the remaining 1,875,000 options vest on February 14, 2026.

Fair value assumptions:

The weighted average fair value of stock options granted in the period ended March 31, 2025 was estimated to be \$0.0605 (December 31, 2024 - \$nil) using the Black-Scholes fair value option pricing model and the following weighted average assumptions:

	March 31 2025	December 31 2024
Expected volatility (%)	82	-
Risk free interest rate (%)	2.73	-
Weighted-average expected life (years)	2.00	-
Dividend yield (%)	-	-

General and administrative	45,478	-
Capitalized as exploration and evaluation assets	6,527	-
	139,565	87,792
Rent paid to a corporation which is controlled by the President and CEO of the Company	12,000	6,000

12. CAPITAL MANAGEMENT

The Company's objective when managing capital is to safeguard its accumulated capital in order to maintain its ability to continue as a going concern, to fund its exploration activities and to provide returns to shareholders and benefits to other stakeholders. The capital structure of the Company consists of capital and equity comprised of share capital, contributed surplus, and deficit.

The Company manages its capital structure and adjusts it in light of economic conditions. The Company will balance its overall capital structure through new share issuances or by undertaking other activities as deemed appropriate under the specific circumstances.

To maintain or adjust the capital structure, the Company may issue new equity if available on favorable terms, option its exploration and evaluation assets for cash and/or expenditure commitments from optionees and enter into joint venture arrangements or dispose of its exploration and evaluation assets.

The Company is not subject to externally imposed capital requirements.

13. FINANCIAL INSTRUMENTS

Fair Values:

Financial instruments recorded at fair value on the consolidated statement of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 – valuation based on quoted prices (unadjusted) observed in active markets for identical assets and liabilities;

Level 2 – valuation techniques based on inputs that are quoted process of similar instruments in active markets; inputs other than quoted process used in a valuation model that are observable for that instrument; and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3 – valuation techniques with significant unobservable market inputs.

The carrying amount of cash and cash equivalents, guaranteed investment certificate, accounts receivable and accounts payable and accrued liabilities, approximate their fair value due to their short-term nature.

The recognized investments disclosed in Note 4 are Level 1 measurements. The fair value of Triple Point Resources (Note 4) is considered a Level 3 measurement.

Financial Risk Management:

The Company has exposure to credit risk, liquidity risk, market risk and commodity price risk. The source of risk exposure and how each is managed is outlined below:

Credit Risk:

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligation. The Company is exposed to credit risk on its cash and cash equivalents, guaranteed investment certificate, and accounts receivable. The credit risk on cash and cash equivalents and guaranteed investment certificates is limited because the counterparty is a chartered bank with a high credit rating. The Company assesses its credit risk with respect to cash and cash equivalents, guaranteed investment certificate, and accounts receivable as not significant.

Liquidity Risk:

The Company's approach to managing liquidity risk is to ensure it will have sufficient liquidity to meet liabilities when due. To the extent that the Company does not believe it has sufficient liquidity to meet these obligations, management will consider securing additional funds through debt or equity transactions. The Company manages its liquidity risk by continuously monitoring its forecast and actual cash flow from operations. These funds are unrestricted and are intended to be used as working capital and to increase the Company's ability to fund

VULCAN MINERALS INC.
Notes to the Condensed Consolidated Financial Statements
March 31, 2025

future exploration projects. As of March 31, 2025 the Company had a cash balance of \$5,412,868 (December 31, 2024 - \$5,620,024), guaranteed investment certificate balance of \$nil (December 31, 2024 - \$nil) and a positive working capital of \$5,377,794 (December 31, 2024 - \$5,616,534).

Accounts payable and accrued liabilities at March 31, 2025 is \$77,435 (December 31, 2024 - \$96,990).

Market Risk:

Market risk relates to changes in economic conditions, changes in market prices, interest rates, foreign exchange rates, and commodity prices which will affect the Company's net loss or the value of its financial instruments.

Commodity Price Risk:

The value of the Company's exploration and evaluation assets is partially related to the market price of metals and minerals. The Company does not hedge this exposure to fluctuations in commodity prices. The Company's ability to continue with its exploration programs is also indirectly subject to commodity prices.

14. CONTINGENCIES

The Company has been added as a co-defendant in an ongoing legal action Geophysical Service Incorporated (GSI) has with NWest Energy Corp. (now Ceylon Graphite Corp. by way of name change) regarding an alleged breach of an agreement between those parties. GSI has submitted a Statement of Claim and the Company has filed a Statement of Defence. The Company believes the claims against it are without basis or merit and no amounts have been recorded in the Company's accounts related to this claim. The Company is fully defending its interest.
